Obligations

- Legally obligated to prepare and adopt a TMDL
- The TMDL is an action plan to restore and protect beneficial uses

Due Public Process

5 Public Workshops (147 Participants)

8 Stakeholder Meetings (75 Participants)

Prior to the Public Hearing: 6 Letters with 25 Issues

Public Hearing: 5 Speakers with 20 Issues (9 New Issues)

Extended Public Comment Period: 3 Letters with 9 Issues (new)

Today's Public Meeting

Public Hearing

June 12, 2002

- Close of public hearing (w/ 15 additional days allowed)
- Only written public comments
- Staff to make recommendations to the Board

Written Comments

1. Monitoring and Reporting Period
2. Clarifying Text for Attachment F
3. *None of the comments received during the extended comment period raised any substantial issues*
4. *City's Proposed Monitoring Plan*
5. New Monitoring Requirements Text
6. Encourage “Think Blue”
7. San Diego BayKeeper Supports the TMDL
8. Port Supports the City

3. “Should” vs “May”

- Replace “Should” with “May” in the monitoring requirements
- Sampling frequency, number and location of stations, are recommendations
- Staff recommends staying with “Should”

4. City's Monitoring Plan

- Approve the City's proposed Monitoring Plan
- Monitoring Plan to be amended to MS4 Permit
- Staff disagrees with the City's request

Recommended Changes

1. Monitoring and Reporting Period
2. Clarifying Text for Attachment F

Minor changes to clarify, correct, update or enhance

Next Steps

- Recommend adoption of the changes as proposed by Staff
- Approval by: State Water Resources Control Board
 Office of Administrative Law
 U. S. Environmental Protection Agency
- Development of Phased Schedule of Compliance to numeric limits
 - Amendment of MS4 and other applicable permits

Chollas Creek Diazinon TMDL

Recommendation:

Adopt Resolution R9-2002-0123
